2. With reference to these notes, it is necessary to make two overall comments:

a. The content of the notebooks is classified Secret, and it is specifically intended for your use in training. The source and original use to which this material is put by us must be given no further distribution.

b. It is requested that, insofar as possible, terminology of an unusual nature included in these presentations be eliminated in the preparation of the instructional material to be used by you.

3. This agency has appreciated the opportunity to make this material available to you and trusts that it will prove a substantial contribution to your training program. This material is being forwarded to you through Col. [REDACTED] of OSI in order to ensure secure handling, and it is further requested that, after you have completed exploitation of these notes, they be destroyed in a manner appropriate to material of this classification.
